

## Fast 2 ms response time

These displays make sure you'll never miss out on the action. Quick 2 ms response time virtually eliminates ghosting and blur, making it ideal for gaming, watching movies or editing videos.

From high-speed car chases to fast-paced combat, you'll always enjoy an immersive, lag-free viewing experience.

## USB hub

USB is one of the most common and convenient standards for connecting computers and devices to each other. Easily connect peripherals like a keyboard and mouse directly to your display, or hook up your camera and printer. It's also ideal for transferring data and copying files, plus you can charge your phone or other devices while you work.

## Three-Year Warranty

AOC stands behind the quality of each and every monitor with a generous three-year warranty starting from the original date of purchase. Within the warranty period, any AOC displays with manufacturing defects or faulty components will be repaired or replaced at no additional charge. Read the complete AOC warranty statement for more information.

## HDMI input

High Definition Multimedia Interface or HDMI is a global standard for digitally transmitting high-definition video and multichannel audio. This versatile single-cable solution allows you to easily connect your display to devices like computers, laptops, game consoles and media players.

## DisplayPort

DisplayPort offers ultra-fast digital audio and video transmission without quality loss or input lag. Quickly and easily connect a range of devices to your screen, including your computer, laptop, media player, game console and more. It's perfect for professionals as well as the most demanding home users.
