

Q2770PQU

27 inch (68.6 cm) LCD MONITOR

USB hub

USB is one of the most common and convenient standards for connecting computers and devices to each other. Easily connect peripherals like a keyboard and mouse directly to your display, or hook up your camera and printer. It's also ideal for transferring data and copying files, plus you can charge your phone or other devices while you work.

USB 3.0 hub

USB 3.0 delivers all the convenience of the universal USB standard, including the ability to connect a wide range of peripherals and devices directly to your screen. But USB 3.0 also offers increased bandwidth and SuperSpeed data transfer – ten times faster than USB 2.0. The hubs are backwards compatible with USB 2.0, so you'll still be able to use and enjoy your older electronics.

Three-Year Warranty

AOC stands behind the quality of each and every monitor with a generous three-year warranty starting from the original date of purchase. Within the warranty period, any AOC displays with manufacturing defects or faulty components will be repaired or replaced at no additional charge. Read the complete AOC warranty statement for more information.

Adjustable Height

Raise or lower the screen to suit each individual's height and seating preferences. The easy-to-adjust stand ensures hours of working comfort.

Flicker Free

AOC Flicker-Free Technology utilises a DC (Direct Current) backlight panel, reducing flickering light levels. With eye strain and fatigue absolutely minimized, feel free to enjoy those long, intense gaming sessions in comfort!

QHD Resolution

With 2560 x 1440 resolution, Quad HD (QHD) offers superior picture quality and sharp imagery that reveals the finest details. The widescreen 16:9 aspect ratio provides plenty of space to spread out and work, plus allows you to enjoy games or movies in their original size.
