4 Port USB A Female Slot Plate Adapter

StarTech ID: USBPLATE4

This durable USB Plate converts the USB pins from an AT-style Pentium (or newer) motherboard to 2 standard USB A-Style sockets - a cost-saving solution that provides the missing link to PCs that have USB capability built-in, but no connectors on the PC to utilize it.

Applications

- Check your motherboard's manual for it's USB pinout diagram
- USBPLATE wiring scheme: Red=Power, Green=Signal, White=Signal, Black=Ground

Features

- Four standard A-type USB outlets mounted on a plate with 11.25 inch (285.75mm) cable to the 5 pin connectors
- Supports 4 or 5 pin motherboard connections
- Separate cables support a single row of 8/10 pins or 2 rows of 4/5
- USB V2.0 compliant

Technical Specifications

Warranty	Lifetime
Connector A	2 - IDC (10 pin; Motherboard Header) Female
Connector B	4 - USB A (4 pin) Female
Type and Rate	USB 2.0 - 480 Mbit/s
Cable Length	11.3 in [286 mm]
Shipping (Package) Weight	0.2 lb [0.1 kg]
Included in Package	1 - 4 Port USB 2.0 Connector Backplate

Certifications, Reports and Compatibility

RoHS Compliant
