Epson **EB-1771W**

WXGA	3000 lm		1 W
PC free	HDMI		3-in-1 USB display
WiFi® Optional			

Lightweight, bright and offering exceptional picture quality, this extra-flat WXGA projector displays a bigger image as well as offering optional wireless connectivity.

Ideal for presenters travelling to meetings, this ultra-mobile, ultra-slim projector combines high white and Colour Light Output (CLO) with the natural colours and picture quality of 3LCD technology. With a host of features designed to make set-up a simple process, presentations always look polished and professional.

Ultra-mobile, extra-flat: With a lightweight, slimline design, presenting on the move has never been easier. Weighing just 1.7kg, this is the ideal projector choice for anyone travelling to meetings.

Get a wider picture: See more of the presentation with the WXGA resolution. Ideally suited to spreadsheets and data, audiences will see everything displayed on a widescreen computer as this format offers 30% more pixels than XGA alternatives.

First-class picture quality: Audiences will enjoy perfect picture quality, impressive natural colours and brightness of 3,000 lumens white and Colour Light Output, thanks to Epson's 3LCD technology.

Speedy start-up: Simple to set up with features such as quick-start and instant-off, slides and images can be aligned and distortion corrected with the projector's automatic vertical and manual horizontal keystone correction.

Enhance your presentation: Control and improve presentations with a host of Easy MP features, including 3-in-1 USB display - compatible with Macs as well as PCs - and USB PC-free functionality.

Go wireless: With the option of high-speed Wi-Fi functionality, setting up a presentation is a smooth, simple process minus the bother of cables.
