

SAMSUNG recommends Windows Vista® Business for Business Computing
SAMSUNG recommends Windows Vista® Home Premium for Personal Computing

redefining the limits of form and function

World Class Performance

The X460 features state of the art Intel® Centrino® 2 Processor Technology, which delivers unrivalled performance, energy efficiency and connectivity to keep you working longer.

Sharper Display

Conventional LCD

Super Bright Gloss LCD

The X460's 14.1" Flat-LED WXGA (1280 x 800) gloss screen is thinner, up to 33% brighter, more durable and uses much less power than traditional LCD screens.

Lightweight

As one of the world's lightest 14.1" notebooks, weighing a mere 1.84kg (including a long-life 6 cell battery), so you can carry less, but do more. Despite its diminutive size, the X460 still manages to incorporate the extensive functionality demanded by ultra mobile and results-driven users.

Designed to meet the 'anywhere, anytime' performance and connectivity demands of today's new generation of agile professionals, the ultra-slim **Samsung X460** is a masterpiece in mobility. Packed with a comprehensive set of features unlike any other on the market, the X460 builds on Samsung's proven pedigree as a producer of thin and light notebooks to offer uncompromising portability, reliability and functionality, plus that all-important touch of elegance.

At a mere 1.84 kg, the X460 is one of the lightest notebooks in its 14.1" class, but it is certainly no lightweight when it comes to performance. Featuring the latest Intel® Centrino® 2 processor technology and extensive data sharing capabilities the X460 is designed to keep pace with even the most socially connected and results-driven users – weighing almost nothing, but doing almost everything.
