

HP Pavilion - 14-bf009na (1UR78EA)

Overview

Me time. In the shape of you.

Create and share everything you love on a laptop loaded with powerful features. With a modern, sophisticated design, the all-new Pavilion laptop brings the perfect balance of performance and style.

Sleek. Slender. Surprising.

A narrow bezel design allows a 14" diagonal screen to fit in a 13" chassis for a small footprint everywhere you go.

A truly powerful audio experience

With Dual HP Speakers, HP Audio Boost, and custom tuning by the experts at B&O PLAY[3], you can experience rich, authentic audio. Let the sound move you.

Power through your day

With up to 10 hours and 25 minutes of battery life[1] and a 90% charge in 90 minutes, stay powered all day with charge to spare. Take on whatever life brings you with enough power left over to enjoy some well-earned free time.[2]

Features

Windows 10

Do great things confidently with the familiar feel of Windows—only better.

Full HD display

Sit back and enjoy crystal-clear visuals and images with the vibrant quality of 2 million pixels. The 1920 x 1080 resolution gives all your digital content a new dimension.

Full HD IPS display

Enjoy crystal-clear images from any angle. With 178° wide-viewing angles and a vibrant 1920 x 1080 resolution, you'll always have a great view of your favorite content.

High-definition display

See your digital world in a whole new way. Enjoy movies and photos with the great image quality and high-definition detail of 1 million pixels.

DDR4 RAM options

512 GB Solid-State Drive

Without the moving parts of a standard hard drive, solid-state drives are more efficient, reliable, and fast. Boot up in seconds, transfer files without waiting hours, and enjoy a snappier experience every time you use your PC.

Designed to run more efficiently and more reliably at faster speeds, DDR4 is the future of RAM. With its higher bandwidth, everything from multi-tasking to playing games gets a performance boost.

[1] Battery life will vary depending on various factors including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See <https://bapco.com/products/mobilemark-2014/>

[2] HP Fast Charge recharges your battery up to 90% within 90 minutes when the system is off (using "shut down" command). Recommended for use with the HP adapter provided with the notebook, not recommended with a smaller capacity battery charger. After charging has reached 90% capacity, charging speed will return to normal speed. Available on select HP models.

[3] Use of the B&O PLAY logo as an icon will count against one of the only two allowable third party logos in IIP-reimbursable materials. To avoid negative impact on reimbursement we cannot use more than 1 additional third party logo besides B&O. Please be sure to follow the size restrictions as well.
