Safety information for replacing CRUs

Do not open your computer or attempt any repairs before reading the "Important safety information" in the *Safety, Warranty, Environment, Recycling Information Guide* and *Important Product Information Guide* that was included with your computer.

If you no longer have this copy of the *Safety, Warranty, Environment, Recycling Information Guide* and *Important Product Information Guide*, you can obtain one online from the website at http://www.lenovo.com/UserManuals.

Pre-disassembly instructions

Before proceeding with the disassembly procedure, make sure that you do the following:

1. Turn off the power to the system and all peripherals.

2. Unplug all power and signal cables from the computer.

3. Place the system on a flat, stable surface.

CRUs for your computer include:

- keyboard

- mouse

- power cord

- computer cover

- hard disk drive

- optical drive

- solid state drive

- heat sink and fan assembly

- PCI express adapter

- memory module

- coin-cell battery

- power supply

This part contains instructions for replacing the following parts:

- Hard disk drive (Follow steps: **3** **4** **6**)
- Optical drive (Follow steps: **3** **4** **7**)
- Solid state drive (Follow steps: **3** **4** **8**)
- Heat sink and fan assembly (Follow steps: **3** **4** **9**)
- PCI express adapter (Follow steps: **3** **4** **10**)
- Memory module (Follow steps: **3** **4** **11**)
- Coin-cell battery (Follow steps: **3** **4** **12**)
- Power supply (Follow steps: **3** **4** **13**)

1 Removing the keyboard

or   or
2 Removing the mouse

or   or
❸ Removing the power cord
❹ Removing the computer cover
❺ Removing the front bezel

❻ Replacing a hard disk drive
❼ Replacing the optical drive
8 Replacing the solid state drive
9 Replacing the heat sink and fan assembly
