DELL™ LATITUDE™ E5520

When you need to take your office with you, the Latitude E5520 can perform wherever you need to work. With its 15.6" HD, WLED great viewing capacity, the newly redesigned Latitude E5520 is ideal for professionals looking for a budget-friendly blend of mobility and at-your-desk computing.

Ready for whatever your work might dish out, this highly durable laptop is stylishly armored top to bottom on the outside with a hard-wearing Tri-Metal™ casing, a brushed anodized aluminum display back, magnesium alloy internal frame, steel hinges and zinc alloy latches. On the inside, the Latitude E5520 is equipped with a protective LCD seal and 360 degree bumper for added screen protection, a spill-resistant keyboard and a magnesium alloy internal structure for increased system rigidity and strength that will outlast the bumps and spills of everyday work.

You can enjoy outstanding productivity with the optional backlit[11] keyboard, ideal for in flight use or in low light settings, and dedicated numeric keypad that makes number crunching a breeze. A variety of battery options help to keep productivity in full swing.

As a member of the Latitude E-Family, the E5520 provides go anywhere productivity, confident security and efficient manageability in a durable design that's built to last - all that you've come to expect from the Latitude E-Family.

Built to Last Durability
Doing business today means working anytime, anywhere. You need a laptop to keep up with your work style.   Latitude E-Family laptops combine world-class design with durability to perform, wherever business takes you.
- Look sharp while working hard thanks to the Dell Tri-Metal™ casing with a brushed anodized aluminum finish.
- Worry less about making a mess with the spill-resistant keyboard and LCD protective seal and bumper that helps to form a barrier around your LCD panel when closed.
- Appreciate the fine details, from strong steel hinges and rugged closing latch to the durable powder-coated underside that helps guard against nicks and scratches.

Go-Anywhere Productivity
Get long-lasting power and performance to make your job easier, whether you are in the office or on the road. Latitude E-Family laptops are built with your business in mind, offering great features to help increase productivity.
- Stay productive with long battery life battery options.
- Multitask at the speed of business with Intel® Core™ processor options and high-bandwidth DDR3 memory.
- Enjoy more efficient data entry with the conveniently placed number keypad alongside the keyboard.
- Communicate effectively worldwide with built-in optional webcam, array microphones and a high-performing antenna for better mobile broadband connections (optional).
- Work in your comfort zone with 180-degree LCD movement and optional backlit[11] keyboard.

Confident Security
Enjoy seamless integration into your IT environment and rest easy knowing that Latitude E-Family laptops—and your company data—are secure and protected anywhere in the world.
- Know your data is secure with Dell's Data Protection | Encryption and protect your data from the unexpected mishaps with Dell Fast Response Free-Fall Sensor and StrikeZone™.
- Control who has access to your data with Dell Data Protection | Access, contactless smart card and fingerprint reader login access options.
- Help prevent system viruses and contain data leaks with port control options.

Efficient Manageability
Manage and maintain your fleet of Latitude E-Family laptops with ease from planning and deploying to ongoing maintenance and support.
- Confidently plan future product roll-outs with Dell Latitude's long lifecycles, transitions and ImageWatch™ advance look at software and hardware changes.
- Upgrade or service key components conveniently via one single access door.
- Save time and money with Dell KACE™ easy to use systems management appliances.
- Know you have a partner with Dell for maintaining and supporting your systems with a wide range of customizable and globally focused service and support options.
