

USB 3.0 Docking Station with DVI/HDMI/VGA Video

K33970EU

Product Description

Ultrabooks™ and other super slim laptop computers like the Apple MacBook deliver sleek good looks. However, they usually come up short on ports for connectivity. As a result, you're constantly plugging and unplugging peripherals to connect to the devices you need. That's where the Kensington USB 3.0 Docking Station comes in. It turns one USB port into six so that with one hot swappable USB connection you'll have access to all of your peripherals, including printer, external drive, scanner, keyboard & mouse, audio 2.0 speakers and even a 1080HD video monitor.

Features

- Optimized for Ultrabooks or MacBook to turn one USB port into 6
- Slim, low-profile design
- Supports MAC OSX from V10.6 (Leopard) right up to the latest Mountain Lion releases
- Now also compatible with the MicroSoft Surface Pro
- Quick one-touch USB connection for hassle-free setup
- Corporate Install feature allows administrators to install the graphic driver over a MicroSoft® server
- High-speed data transfer of up to 5 Gbps
- 1080p HD video for high quality video
- Faster network and Internet access with Gigabit Ethernet connection
- Audio 2.0 for enhanced sound
