Lenovo® ThinkPad® X1 Carbon VGA and Gigabit Ethernet Adapter Kit - MDP to VGA - USB 3.0 to GbE

StarTech ID: LENX1MDPUGBK

The LENX1MDPUGBK Accessory Kit for the new Lenovo® ThinkPad® X1 Carbon 2 is an add-on accessory bundle containing two StarTech.com adapter products that let you extend the display and network capabilities of your port-limited Ultrabook™.

The kit contains a Mini DisplayPort to VGA Adapter, which lets you connect your Lenovo X1 Carbon 2 (or similarly configured Ultrabook / laptop) to an external VGA display or projector through Mini DisplayPort. Also included is a USB 3.0 to Gigabit Ethernet Adapter which adds wired network support, and offers the added benefit of an integrated USB pass-through port to keep your USB 3.0 port available for other peripherals.

Though extremely portable, Ultrabook systems sometimes lack the necessary ports to connect to various desktop displays/projectors and wired networks when traveling between boardrooms, home / remote offices, trade-shows, hotels and conference centers. We designed this bundle of Ultrabook accessories to provide the missing connections most commonly desired among mobile users, to prepare you for almost anything.
