imagine IT

Standing out from the crowd

World Class Performance

The P510 features state of the art Intel® Centrino® 2 processor technology, which delivers unrivalled system performance, enhanced energy efficiency and advanced connectivity to keep you working longer.

Sharper Display

LCD Brigh

The P510's 15.4" WXGA (1280x800) SuperBright© non-gloss LCD screen provides up to 30% more viewing area than traditional screens and allows you to enjoy photo-like image quality, greater viewing angles and better text legibility, reducing eye strain and, therefore, increasing productivity. even in direct sunlight.

Tough yet beautiful

Sleek design belies inner strength. Reliable and robust, the P-Series boasts a light-yet-tough rubberised Soft-Grip lid and Protect-O-Edge© casing, making the P510 well-equipped for portable working. As a result, this notebook is more than capable of withstanding the inevitable hardships of life on the move, which all translates into a measurably lower Total Cost of Ownership.

For high-powered professionals who need to see the bigger picture, but don't want to be tied to a desk, the Samsung P510 is a "must have" business companion – packed with advanced performance and productivity features, yet stylishly rugged, it really stands out from the crowd.

With its 15.4" non-gloss widescreen display the P510 is the perfect choice for delivering powerful presentations or visually intensive applications. Its crystal clear, ultrasharp resolution makes light work of the most demanding tasks - even in direct sunlight. Add in a host of collaborative and data sharing tools and its ultradurable, rubberised casing and the P510 ticks all of the boxes for style, performance and reliability.

SAMSUNG recommends Windows Vista® Business for Business Computing SAMSUNG recommends Windows Vista® Home Premium for Personal Computing
