Professional Security System

4 Channel 720p IP PoE Network Video Recorder (for NHD cameras)

Be protected & see every detail in HD

- Swann's latest network video recording security system with 720p high definition live viewing & playback in real-time (25/30 fps per channel)
- State-of-the-art digital imaging technology for 10x the picture sharpness of traditional security systems including analog CIF
- Set & forget by recording continuously from 4 channels for 48 days+ onto a 1TB hard drive (expandable to 6TB⁺) or even longer with motion detection. For extra capacity connect external hard drive to eSATA port
- Save time & have peace of mind by easily locating incident video, then transfer to external storage via USB or network
- Connect in minutes using SwannLink 'Peer to Peer' easy network connection software
- Security in the palm of your hand with live viewing on your Smartphone or tablet including iOS (iPhone, iPad) & Android devices using the free 'SwannView Link' app, with email notifications if there is activity
- View live in HD on your HDTV via HDMI or VGA connection to your LCD screen
- Professional surveillance system gives you peace of mind by being able to see the detail you need from longer distances including license plates, faces, clothing colors & more, all in HD
